Education

• University of Science - VNUHCM

Bachelor of Science in Mathematics and Computer Science

- **GPA:** 8.4/10.00 (3.5/4)
- **Relevant coursework:** Linear Algebra, Higher Algebra, Data Structures and Algorithms, Computational Softwares Laboratory, Discrete Mathematics, Numerical Method in Optimization, Numerical Linear Algebra

Skills

- Programming Languages: Python, JavaScript, Julia, R, C++, MATLAB
- Libraries: NumPy, Pandas, Matplotlib, Seaborn, scikit-learn, Requests, Beautiful Soup, Selenium
- Tools: Git, LATEX, Vim

Activities

 Winter School on Game Theory and Combinatorial Optimization Summer School in Data Science Studied different Data Science and AI research topics Summer school on Bayesian statistics and computation Studied both modern and foundational topics in Mathematical statistics and Machine Learning Summer School on LLM and AI Google Developer Student Clubs - HCMUS AI and Machine Learning specialist Prepared materials for Session 5: Git in the Zone in cs101 workshop Road to Data Science project Content writer: Linear Algebra 	000
